As out-going Jazz PD, I feel that KJHK has a fine Jazz dept., and I have tried to expand everyone's knowledge of jazz to boundries in all directions. In the words of Frank Zappa, "Jazz isn't dead, It just smells funny".

The new Jazz PD will be Dayton Simmons. He will do a great job of holding up the progressiveness of KJHK Jazz.

Blake Norris
EX-Jazz PD (KJHK-FM)

Greetings,

I have recently taken over the position of jazz program director here at KJHK FM91. I am thoroughly looking forward to my new responsibilities and plan to make the jazz programming on our station the best it's ever been. I am very interested in maintaining the good rapport we have with all the record labels we do business with, so if any of you have any questions regarding our music and goals, please feel free to call me here at the station.

Dayton Simmons
